

"To Whom it may concern"

I am very pleased to write this letter of recommendation for Peter Hopkins. I have worked with several thermography professionals over my many year experience as a Project Engineer, and he stands out among them. Peter has performed thermography on several of our naval vessels we manage over the past several years and I had the pleasure of working with him . I found him easy to work with, professional and a personable individual.

Peter works well with our onsite electrical team ensuring a smooth survey and at the conclusion would advise of any potential risks in addition to providing a complete written report of findings including photographic documentation for the project files.

In closing, I would like to say that Peter Hopkins provides a complete thermography solution from start to finish of project. I believe he would be a tremendous asset to any contract organization that should wish to request his services.

You may reach me vial E-mail at ([martin.wichmann.ctr@navy.mil](mailto:martin.wichmann.ctr@navy.mil)) or by phone at (619) 869-1067. I will be happy to provide additional information or answer any questions, if needed.

A handwritten signature in cursive script that reads "Martin J. Wichmann". The signature is written in black ink and is located above the typed name and contact information.

Martin Wichmann (NSWC-9370)  
Project Engineer  
NAVSEA PHILADELPHIA  
SAN DIEGO ONSIGHT REP  
937 ISEA/LCM Steam and Diesel Electric Power  
Automation, Generation & Distribution.
